WUJC Listeners - old and new,

Thank you for picking up our new guide for Fall 1990, listening to WUJC, and for supporting college radio. We are excited about the new schedule and hope you will be too.

Everyone at WUJC is constantly trying to give Cleveland listeners the best college radio possible, and we think our new schedule reflects our attitude...

Sundays are still dedicated to our diverse ethnic community with our Lithuanian, Italian, Hungarian, Armenian, Polish, and Indian news and music.

Music From the Hearts of Space is the new addition to our New Age programs - it makes its return to the airwaves of WUJC after a four year hiatus and will join Atmospheres and New Dimensions.

Our modern music shows range from synth/pop dance music to hardcore industrial/experimental. With such diversity in our progressive shows, there is always something for every listener.

We will feature more blues, jazz, and reggae shows to compliment our already established lineup.

Our metal guys and gals are back with some of the best hard rock and heavy metal in the Cleveland area. Stay tuned for the latest music as well as special interviews and information.

Sundays and weekdays start with our uplifting Sonrise Show specializing in contemporary Christian music, news, and thought.

Whether you listen to metal, blues, jazz, modern, New Age, or reggae, we thank you for tuning to WUJC and for your support.
